Message from the Executive Director

Hospice & Palliative Care of Westchester (HPCW) celebrated a very exciting 20th anniversary year. As Executive

Director, I am pleased to have participated in this milestone with an organization comprised of such dedicated and compassionate individuals. We continue our commitment to provide a full range of hospice services at the highest level of professionalism, expertise and caring.

As part of our celebratory year, we are pleased to have introduced new initiatives. The Edward M. Simas Educational Series was established through a generous donation and gave us the opportunity to further educate our staff and the community.

Additionally, we would like to thank Mrs. Anna L. Shereff who, this year, expanded her sponsorship of the Anna & Louis H. Shereff

Caregiver Program to include HPCW's Complementary Care Program.

At HPCW, we strive to continue to meet the ever-changing needs of our community. It is my pleasure to announce we are enhancing and formalizing our Pediatric Palliative Care Program. After meeting with many pediatric professionals in the community, including representatives from Morgan Stanley Children's Hospital, Elizabeth Seton Pediatric Center, Memorial Sloan Kettering, Maria Fareri Children's Hospital, Blythedale Children's Hospital, along with pediatric oncologists and caregivers, it became clear there was a substantial need for this vital service.

The first of its kind in Westchester County, our Pediatric Palliative Care Program provides comfort services to children and their families in the community.

In culmination of our 20th anniversary year, I want to extend my deepest gratitude to our dedicated Board of Directors and

to our exceptional staff who every day celebrate and exemplify our mission. Thank you to the Westchester community and to our donors and supporters, for their financial support and the important role they play in our success.

I have been affiliated with HPCW since its inception and am proud to be part of an organization that has played a vital and supportive role in the lives of so many families. While much has changed at HPCW since we opened our doors 20 years ago, our mission has remained the same and is the hallmark of our role as the "Hospice of Choice" in Westchester County.

It is my pleasure to extend my best wishes for a healthy and peaceful New Year.
